Employee Management

Professional Activities:

President, Board of Directors for North Carolina Chapter SWANA
National Solid Waste Operations Trainer for the Solid Waste Association of North America (SWANA)

Mr. Bost has over twenty-five years' of operations experience in solid waste. His career has encompassed landfill operations, transfer station operations, environmental compliance, and operations training.

Prior to joining the S+G, Mr. Bost spent over 20 years in solid waste operations, including MSW, C&D, and LCID landfills as well as material recovery facilities. His experience and drive focuses on providing organizational efficiency to his clients. He is also a SWANA National Trainer for solid waste operations.

Mr. Bost has extensive solid waste operations experience including equipment operation, management of daily disposal operations at MSW landfills, and regulatory compliance.

As Solid Waste Director, Mr. Bost developed and maintained an annual operating budget which included projections of expenditures and emergency funds. His work included selection and management of contractors and consultants, management of personnel including hiring, disciplinary actions, development and termination. He performed annual performance reviews on subordinate employees. This role also allowed him to work collaboratively with internal and external stakeholders to ensure optimum service delivery.

Mr. Bost also has experience providing updates and presentations to elected officials as needed, performing television and radio interviews, preparing informational videos for citizen outreach, and leading site tours for community, civic, and school groups.

While with Smith Gardner, Mr. Bost has worked as a contracted Interim Solid Waste Director for Harnett County, NC, and Sussex County, VA, assisting in solid waste operations while they seek a permanent solid waste director. His duties in this role draw heavily on his career experience.

As SWANA trainer, Mr. Bost has devised and leads training classes in Landfill Operations, Waste Screening Operations, Collections Basics, Landfill Gas and Leachate Operations at various locations throughout North Carolina and at individually requested locations. He performs training for over 400 professionals per year. He also coordinates training offerings from SWANA each year and ensures the integrity of the training materials.
