

JACOB R. GRIFFITH

CAD Technician - Raleigh, NC

Academic Credentials:

B.A. Technology Design Education, 2021,
North Carolina State University, Raleigh, NC

Employment Record:

2022 - Present - Smith Gardner, Inc.

Areas of Expertise:

Site Design and Documentation
AutoCAD Civil 3D

Mr. Griffith has experience drafting site design drawings, civil site layout, and environmental drawings. He prepares grading and leachate piping plans. He is proficient with a variety of software design and mapping tools including AutoCAD and Civil3D.

Mr. Griffith is a recent graduate of North Carolina State University having studied technology design education. His interest in AutoCAD was sparked during his high school education and carried on through his studies at North Carolina State University.

Most recently, Mr. Griffith has assembled designs for leachate piping, landfill subgrading, stormwater drainage routes and drainage areas, and piping dimensions. He has also performed plot tracing and contouring for in-house survey activities.
